THE AIMWELL STORIES!

A NEW VOLUME.

NOW READY.

WHISTLER—or, THE MANLY BOY.

BY WALTER AIMWELL.

With numerous Illustrations. 16mo, Cloth. 63 cents.

We invite parents to make a careful examination of this Series of Books. They will, we think, find none more admirably adapted to entertain and improve their children.

PREFACE TO "WHISTLER."

"The object of this book is to portray the character of the 'Manly Boy'—a character that never fails to inspire love and esteem, if it only be natural and genuine. That a youth may still be a real boy in his tastes, his pursuits and his feelings—as every young lad certainly ought to be—and yet exhibit something of true manliness in his spirit and deportment will, it is hoped, be made manifest to the youngest mind in the story of WHISTLER."

New Editions of the following Volumes of the Aimwell Series, by the same Author.

CLINTON—or, BOY LIFE IN THE COUNTRY.

With Fourteen Illustrations. 16mo, Cloth. 63 cents.

"Well, the boys have read it, and they pronounce it 'first rate.' We confirm their judgment. It enters into the heart of the boy; comprehends his thoughts, his wishes, and his temptations: mingles in his sports; stimulates him in his studies, and implants right principles and noble views." [The Independent, N. Y.]

OSCAR—or, the Boy who had his own way.

With Seventeen Illustrations. 16mo, Cloth. 63 cents.

"The author of 'Clinton' has here produced a volume of equal merit." [New York Independent.]

"So natural and graphic are the incidents of this story, that it must have been compiled from a real boy experience." [Willis's Home Journal.]

ELLA—or, TURNING OVER A NEW LEAF.

With Sixteen Illustrations. 16mo, Cloth. 63 cents.

"The author of the 'Aimwell Stories,' has a happy knack of combining amusement and instruction. It would be difficult to find a child who would 'skip over' any portion of this volume. If put into the hand of a boy or girl who has the slightest taste for reading, every line of it will be used again and again, and a dull intellect indeed must be that of the child who will not derive profit from the perusal." [Boston Journal.]

All of the above are handsomely bound in uniform styles, both plain and gilt, constituting an attractive series for Holiday Gifts.

His vivacity of manner and discursive observations scattered through notes as well as text, furnish countless proofs of his matchless industry.— In point of style, too, he ranks with the ablest English historians; and paragraphs may be found in his volumes in which the grace and eloquence of Addison are combined with Robertson's majestic cadence and Gibbon's brilliancy."—*Athenæum.*

"The History is based on solid foundations, as a glance at the authorities will show.

"The author has well exhibited the elements of the Puritan character, which he has evidently studied with much care. His style is perspicuous and manly, free from affectation; and he merits the praise of a conscientious endeavor to be impartial.

"The volume must be found to make a valuable addition to our stores of colonial history.

"Truly yours, "WILLIAM H. PRESCOTT."

These volumes are universally admitted to be among the most valuable contributions to the world's stock of ideas which our age has furnished. Every page bears the impress of thought, but it is thought subtilized, and redolent of poetry.

AMBRIDGE DIRECTORY

FOR

1857,

IBRACING A LIST OF THE CITY OFFICERS, A GENERAL DIRECTORY OF THE CITIZENS, AND A BUSINESS DIRECTORY.

CAMBRIDGE:
PUBLISHED BY JOHN FORD,
AT THE CHRONICLE OFFICE.
1857.

PREFACE.

In presenting to the citizens of Cambridge the ninth number of the CAMBRIDGE DIRECTORY, we would call attention to the rapid increase of the population of our city, as will be seen by the yearly enlargement of this little work. When the present publisher, in January 1848, issued the first number of the DIRECTORY, it contained less than one hundred and twenty pages, and only two thousand two hundred and fifty names. It has been annually increasing in size, till, as will be seen in the present number, it contains two hundred and twenty-eight pages, and over *six thousand four hundred names!* The additional names inserted the present year amount to more than *fifteen hundred*, and the number of the alterations to *four thousand and sixty*. We commend this number of the DIRECTORY to he favor of the public, assuring them that we have spared no labor or expense to ensure its correctness, and to make it use ful and acceptable to the inhabitants of our highly favored city.

OBSERVATIONS. — Having a blank space here, we may as well improve it to make some observations, to which the attention of our good citizens is respectfully invited. First, we have five instances of two streets claiming the same name; and in one instance a favorite name is claimed by three streets, — one in each Ward, — evincing, we think, a poverty in nomenclature of which the rich and intellectual city of Cambridge ought to be — ashamed. We hope that early attention will be given to this matter, so that when we issue a new Directory we may not be forced to use so many of these "vain repetitions as the heathen do." Another evil is the want of sign-boards. A stranger cannot find his way in Cambridge without making frequent inquiries. Now we protest against this system of *locomotive sign-boards*, and insist that every street should have its name displayed in plain letters at the principal crossings. One year ought to suffice to work a reform in these things.

HEWS' PATENT AMERICAN ACTION
PIANO FORTE.

From the illustrious Pianist, L M. GOTTSCHALK, to Mr. Hews' Agent at New York.

Mr. N. P. B. CURTISS—Dear Sir:—Having had the pleasure of performing upon Geo. Hews' American Patent Action Piano, at the World's Fair in this city the present year, and other of his Pianos at your Warerooms, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing no doubt, to the perfection of the scales.

Very Respectfully,

A Simplified

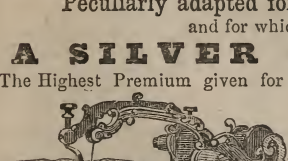
SEWING MACHINE,

Peculiarly adapted for Family Use,

and for which

A SILVER MEDAL,

The Highest Premium given for Sewing Machines, was awarded by the Massachusetts Charitable Mechanic Association, at the eighth Exhibition, recently held at Faneuil and Quincy Halls, Boston.



We can show any lady or gentleman who may feel disposed to investigate our claims to their patronage, that we have recently obtained letters patent for, and are now manufacturing

A SEWING MACHINE

Not much larger than one's hand, which is so extremely simple in its construction, so rapid in its movements, and so easy to keep in repair, that we feel certain every one who takes the trouble to examine it, will say that it is

The Family Sewing Machine

which has so long been required in our market. Who will be without one, when they can have ingenuity combined with beauty, and make a saving of

Time, Money and Labor?

The success of our Machines is unparalleled in the history of Sewing Machines; and we may as well say here, that we have them adapted to all kinds of

MANUFACTURING PURPOSES,

as well as for household use. Give us an opportunity to explain their merits. If our Machines do not sell themselves, we will not ask you to purchase.

PIANOFORTE MANUFACTORY,

New York Warerooms, 419 & 421 Broadway, corner of Canal Street.

The present Senior partner being the *oldest* Piano Manufacturer in Boston. This firm has within the last year introduced some very important and material

IMPROVEMENTS.

An entire set of new scales have been made, including a new scale for a Grand Pianoforte. The first Piano made from it received the award of a Silver Medal at the last Exhibition of the Massachusetts Charitable Mechanic Association. By the peculiar construction of said new scales, they have greatly improved their Square Pianofortes, by increasing the vibration, clearness, and purity of tone. They have also adopted a

New Improved Action,

which is simple in its construction, very sensitive to the most delicate touch, operates without a spring, (an advantage possessed by no other action,) and therefore requires little, if any regulating, by the changes of weather or climate; combines all the most desirable qualities sought for during the last twenty years. For which a Medal was awarded at the last Fair of the Massachusetts Charitable Mechanic Association. These instruments are prepared for Coleman's Patent

Æolian Attachment.

in which there is combined with the Pianoforte, a Wind Instrument, the same key-board controling both in such a manner, that either can be used separate, or both together, thus furnishing an instrument for Organ or Piano music, or that may be combined at the pleasure of the performer, in orchestral effects.

Iron Frames.

From a knowledge of the fact that Pianofortes made without metalic frames, (as was the case in some of the first to which the Æolian was applied,) were constantly subject to variations in pitch by changes of temperature, many persons have honestly supposed it impracticable, and inexpedient, to combine a Wind with a Stringed Instrument. But having the strings connected with the entire iron frame at both ends, (as all are now made by this firm,) entirely obviates this difficulty. The strings and frame expanding and contracting together which preserves a uniform pitch in the Piano, so that no additional tuning is required over the ordinary Pianoforte, to keep the Piano in tune with the Reeds,

Medals and Diplomas

have repeatedly been awarded to these manufacturers, in Boston, New York, Philadelphia, and other places, but have never, (previous to 1856,) in any advertisement, handbill or circular, been alluded to in a single instance by them, having always relied upon the character of their instruments, which have now been before the public about thirty years.

The Fact

may be stated that at the last Exhibition of the Massachusetts Charitable Mechanic Association, they were awarded SILVER and BRONZE MEDALS, for GRAND and SQUARE PIANOFORTES.
